Step Five: Let's add the load information, so click on "Add Animals." You will notice that you will copy and paste the load details from your excel file in the following order (1) EID # (2) Birthdate in 04/14/18 format and (3) Visual ID. Note that as a "Best Practice" we ask you to find the oldest calf in the group and take the date back another three days. If the oldest birthdate is 02/05/18, then adjust that date to 02/02/18.

Step Seven: Once you click “Submit,” you will see a familiar screen. From this screen you can add more animals, view the load you submitted or “Create Shipping Certificate.” Click on that link (bottom right).

Add Animals	View Animals	Lot	Head Count	Source	Source and Age	China EV	NHTC	Saudi EV	TACH	Created	Create Shipping Certificate
CASCR L0419	10	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	04/16/18	Create Shipping Certificate				

Step Eight: Once you “Create Shipping Certificate” you will be taken to a screen that asks for the shipping date, and the feedlot name and address. Once you add this information, click “Create Record.”

Please use the form below to Create Right to Ship Certificate

[Back to Right to Ship](#) [Home](#)

CREATE RIGHT TO SHIP

Ship from:	Sterling Calf Ranch - Test
# Head Approved:	10
Bill To:	Sterling Calf Ranch - Test
Ship To:	[Empty]
Shipping Date:	4/16/2018 <input type="button" value="Calendar"/>
Notes:	[Empty]

Step Nine: Age, Source, China certificates will populate automatically for you to print. Note that you simply need to add the head count and initials to complete the document. You will also receive the certificate by email. Be sure to send a copy of the load report and the completed shipping certificate to your buyer and keep a copy in your records. You will not be required to report these loads to Sterling Solutions. This will also be done automatically. Billing (if you purchase your own tags) will be automatic. For any claims beyond SAV/China – like NHTC – an email will alert the Sterling program manager to review and to approve the load. Once approved, you will be able to “Create Shipping Certificate.”

Please contact Susan Morse at Sterling Solutions (714-742-4801) with any questions.
